# MANAGEMENT DISCUSSION AND ANALYSIS

## **Business Review**

During the period under review, the global economy continued its gradual recovery and so did the market demand for eyewear products. For the six months ended 30 September 2010, the turnover and net profit of the Group increased by 34% and 28% to HK\$541 million (2009: HK\$403 million) and HK\$49 million (2009: HK\$38 million) respectively. Basic earnings per share also increased by 27% to HK19 cents (2009: HK15 cents).

As a company with excellent design capability, brand management strength, efficient operations and a strong financial position, the Group has been able to capitalize on the business opportunities offered by the recovery of the global economy. The Group's turnover for both of its original design manufacturing ("ODM") business and its branded eyewear distribution business increased satisfactorily during the period under review, and accounted for about 89% and 11% (2009: 88% and 12%) of the Group's turnover respectively.

However, rising production costs in China undermined the overall profitability of the Group. During the period under review, the increase in minimum wages in Guangdong province, China, the renewed appreciation of Renminbi as well as the gradual increase in raw material prices imposed substantial cost pressure on our operations. As a result, the gross profit ratio decreased from 26.71% to 22.86%. Meanwhile, certain fixed operating costs increased in a relatively slower pace than the growth of turnover, and that helped to temporarily relieve part of the cost pressure on the Group's net profit margin ratio. As a result, the net profit margin decreased by a smaller extent to 9.03% (2009: 9.51%).

## **The ODM Business**

During the period under review, the Group's ODM turnover increased by 36% to HK\$480 million (2009: HK\$354 million). Europe and United States continued to be two major markets of the Group's ODM business, which accounted for approximately 55% and 42% of the Group's total ODM turnover. In response to the recovery of demand from end consumers in these two regions, the Group's major customers reviewed their inventory levels and adjusted their purchases with the Group accordingly. The Group's ODM turnover to Europe and the United States increased by 35% and 39% to HK\$265 million (2009: HK\$196 million) and HK\$199 million (2009: HK\$143 million) respectively for the six months ended 30 September 2010. In terms of product mix, sales of metal frames, plastic frames and others during the review period accounted for 59%, 40% and 1% (2009: 66%, 32% and 2%) of the Group's ODM turnover respectively.

# MANAGEMENT DISCUSSION AND ANALYSIS

## **The Branded Eyewear Distribution Business**

Turnover contributed by the Group's branded eyewear distribution business increased by 27% to HK\$62 million (2009: HK\$49 million). This was mainly driven by the remarkable performance of the Asian market. Asia was the most significant market of the Group's branded eyewear distribution business, which accounted for approximately 86% of the Group's total distribution turnover. During the period under review, the Group's distribution turnover to Asia increased by 39% to HK\$53 million (2009: HK\$38 million). That reflected the Group's overall strategy to focus its resources to develop the Asian market that would create larger value and bring higher return in the long run.

## **Liquidity and Capital Resources**

The Group continued to maintain a strong liquidity position. It held a cash and bank balance of HK\$348 million as at 30 September 2010 and did not have any bank borrowings during the year. The strong liquidity position was the result of the Group's cautious plan in managing working capital and capital expenditure. In order to weather the volatile business environment, the Group will continue to adopt a prudent approach to manage its cash flows.

Given the Group's strong cash position, the Directors have again resolved to declare an interim special dividend of HK2.8 cents per share on the top of the interim dividend of HK4.5 cents per share for the six months ended 30 September 2010. The Directors will continue to monitor the dividend policy closely to ensure that an optimal balance can be achieved between the reinvestment in the Group and the distribution of earnings to the shareholders respectively.

As at 30 September 2010, the net current assets and current ratio of the Group were approximately HK\$571 million and 3.8:1 respectively. The total shareholders' equity of the Group increased to HK\$863 million as at 30 September 2010 from HK\$845 million as at 31 March 2010. The Group continued to exercise an effective control on debt collection and inventory management. Accordingly, debtor turnover period and inventory turnover period were shortened to 88 days and 70 days respectively. The Directors are confident that the financial position of the Group will remain strong and the Group has sufficient liquidity and financial resources to meet its present commitments and future business plans.

## **Foreign Exchange Exposure**

Most of the Group's transactions were conducted in the U.S. dollars, Hong Kong dollars and Renminbi. In addition, the majority of the Group's assets were also kept in these currencies. Other than the potential exposure to the gradual appreciation of Renminbi, the Group's exposure to currency fluctuation was relatively limited. The Group does not currently implement hedging for foreign exchange. However, the Group will closely monitor the foreign exchange exposures and will consider to hedge the significant foreign exchange exposure when necessary.

# MANAGEMENT DISCUSSION AND ANALYSIS

## Human Resources

The Group had a workforce of about 10,000 people as at 30 September 2010. The Group remunerates its employees based on their performance, years of service, work experience and the prevailing market situation. Bonuses and other incentive payments are granted on a discretionary basis based on individual performance, years of service and overall operating results of the Group. Other employee benefits include medical insurance scheme, mandatory provident fund scheme, subsidised or free training programs and participation in the Company's share option scheme.

## Charges on Group's Assets and Contingent Liabilities

As at 30 September 2010, there were no charges on the Group's assets or any significant contingent liabilities.

## Capital Commitment

Details of the Group's capital commitment are set out in Note 12 to the consolidated financial statements.

## Prospects

The global economy has been steadily recovering, but the Directors are still concerned about the sustainability of the recovery. First, the European sovereign debt crisis and the subsequent austerity measures to be implemented may affect future consumer spending. Second, the American economy is still plagued by high unemployment and low consumer confidence. All these factors create uncertainty on the momentum of economic recovery. Furthermore, it is expected that cost pressure on our manufacturing operations will continue to increase as a result of higher labor wages, increasing raw material prices and appreciation of Renminbi. The second round of quantitative easing by the Federal Reserve of the United States is also expected to generate more inflationary pressure on our cost side.

The Group will deal with these challenges proactively. Our manufacturing operations will be further streamlined to achieve cost savings and enhance overall efficiency. The Group will also continue to invest in carefully selected fixed assets with strategic values, in order to pave way for further automation of its production lines, improvement of product quality and manufacturing lead-time reduction. A strong liquidity position will be maintained so that the Group will be flexible enough to cope with any uncertainty ahead and to take advantage of any business opportunities emerging in the future.

The Group will continue to strengthen its brand portfolio by introducing well selected new brands for different customer segments and targeted price ranges. In the last financial year, the Group obtained the exclusive right to distribute eyewear for "Missoni" and "M Missoni" in Asia. The first collection of "Missoni" and "M Missoni" eyewear will be launched in the second half of this financial year, which is expected to further strengthen the Group's product profile in the Asian market. Taking this opportunity, the Directors are also pleased to announce that the Group has successfully obtained the worldwide exclusive distribution right for eyewear for "Pal Zileri", a renowned Italian brand for men's fashion. It is expected that the introduction of these two new brands will generate satisfactory returns for the Group in the future.

# MANAGEMENT DISCUSSION AND ANALYSIS

Certainly, the challenges ahead are stiff. However, leveraging on the Group's strong financial position and efficient operation as well as our core belief in quality and innovation, we are ready to take on these challenges and prepared for the goal to achieve sustainable business growth.

## **Corporate Governance**

The Company is committed to maintain a high standard of corporate governance with a view to enhancing the management of the Company as well as to preserve the interests of the shareholders as a whole. The Board has adopted the code provisions set out in the Code on Corporate Governance Practices (the "CG Code") contained in Appendix 14 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"), except for the deviation from code provision A.2.1 of the CG Code. This code provision stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Mr. Ku Ngai Yung, Otis has been assuming the roles of both the chairman and chief executive officer of the Company since its establishment. The Board intends to maintain this structure in the future as it believes that it would provide the Group with strong and consistent leadership and allow the Group's business operations, planning and decision making as well as execution of long-term business strategies to be carried out more effectively and efficiently. The Board would review and monitor the situation on a regular basis and would ensure that the present structure would not impair the balance of power in the Company.

The members of the audit committee comprise the three independent non-executive directors of the Company, who are Mr. Lo Wa Kei, Roy (Chairman), Mr. Lee Kwong Yiu and Mr. Wong Che Man, Eddy. None of the members of the audit committee is a member of the former or existing auditors of the Group. The audit committee has adopted the principles set out in the CG Code. The duties of the audit committee include review of the interim and annual reports of the Group as well as various auditing, financial reporting and internal control matters with the management and/or external auditor of the Company. The Group's unaudited condensed consolidated financial statements for the six months ended 30 September 2010 have been reviewed by the audit committee together with the Company's external auditor Deloitte Touche Tohmatsu.

# REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

**TO THE BOARD OF DIRECTORS OF SUN HING VISION GROUP HOLDINGS LIMITED**  
**新興光學集團控股有限公司**  
*(incorporated in Bermuda with limited liability)*

## **Introduction**

We have reviewed the interim financial information set out on pages 9 to 20, which comprises the condensed consolidated statement of financial position of Sun Hing Vision Group Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") as of 30 September 2010 and the related condensed consolidated statement of comprehensive income, statement of changes in equity and statement of cash flows for the six-month period then ended and certain explanatory notes. The Main Board Listing Rules governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants. The directors are responsible for the preparation and presentation of the interim financial information in accordance with HKAS 34. Our responsibility is to express a conclusion on this interim financial information based on our review, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

## **Scope of review**

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial information consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly we do not express an audit opinion.

## **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information is not prepared, in all material respects, in accordance with HKAS 34.

# NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

for the six months ended 30 September 2010

## 1. Basis of Preparation

The condensed consolidated financial statements have been prepared in accordance with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

## 2. Principal Accounting Policies

The condensed consolidated financial statements have been prepared on the historical cost basis except for certain leasehold land and buildings, which are measured at revalued amounts.

The accounting policies used in the condensed consolidated financial statements are consistent with those followed in the preparation of the annual financial statements of the Company and its subsidiaries (the "Group") for the year ended 31 March 2010.

In the current interim period, the Group has applied, for the first time, the following new and revised standards, amendments and interpretations ("new and revised HKFRSs") issued by the HKICPA.

HKFRSs (Amendments)	Amendment to HKFRS 5 as part of Improvements to HKFRSs 2008
HKFRSs (Amendments) HKAS 27 (Revised)	Improvements to HKFRSs 2009 Consolidated and Separate Financial Statements
HKAS 39 (Amendment)	Eligible Hedged Items
HKFRS 1 (Amendment)	Additional Exemptions for First-time Adopters
HKFRS 2 (Amendment)	Group Cash-settled Share-based Payment Transactions
HKFRS 3 (Revised)	Business Combinations
HK(IFRIC)-Int 17	Distributions of Non-cash Assets to Owners

The Group applies HKFRS 3 (Revised) Business Combinations prospectively to business combinations for which the acquisition date is on or after 1 January 2010. The requirements in HKAS 27 (Revised) Consolidated and Separate Financial Statements in relation to accounting for changes in ownership interests in a subsidiary after control is obtained and for loss of control of a subsidiary are also applied prospectively by the Group on or after 1 January 2010.

As there was no transaction during the current interim period in which HKFRS 3 (Revised) and HKAS 27 (Revised) are applicable, the application of HKFRS 3 (Revised), HKAS 27 (Revised) and the consequential amendments to other HKFRSs had no effect on the condensed consolidated financial statements of the Group for the current or prior accounting periods.

# NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

for the six months ended 30 September 2010

Results of the Group in future periods may be affected by future transactions for which HKFRS 3 (Revised), HKAS 27 (Revised) and the consequential amendments to the other HKFRSs are applicable.

The application of the other new and revised HKFRSs had no effect on the condensed consolidated financial statements of the Group for the current or prior accounting periods.

The Group has not early applied the following new or revised standards, amendments or interpretations that have been issued but are not yet effective:

HKFRSs (Amendments)	Improvements to HKFRSs 2010 <sup>1</sup>
HKAS 24 (Revised)	Related Party Disclosures <sup>4</sup>
HKAS 32 (Amendment)	Classification of Right Issues <sup>6</sup>
HKFRS 1 (Amendment)	Limited Exemption from Comparative HKFRS 7 Disclosures for First-time Adopters <sup>2</sup>
HKFRS 7 (Amendment)	Disclosures – Transfers of Financial Assets <sup>3</sup>
HKFRS 9	Financial Instruments <sup>5</sup>
HK(IFRIC)-Int 14 (Amendment)	Prepayments of a Minimum Funding Requirement <sup>4</sup>
HK(IFRIC)-Int 19	Extinguishing Financial Liabilities with Equity Instruments <sup>2</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 July 2010 and 1 January 2011, as appropriate

<sup>2</sup> Effective for annual periods beginning on or after 1 July 2010

<sup>3</sup> Effective for annual periods beginning on or after 1 July 2011

<sup>4</sup> Effective for annual periods beginning on or after 1 January 2011

<sup>5</sup> Effective for annual periods beginning on or after 1 January 2013

<sup>6</sup> Effective for annual periods beginning on or after 1 February 2010

HKFRS 9 Financial Instruments introduces new requirements for the classification and measurement of financial assets and will be effective from 1 January 2013, with earlier application permitted. The Standard requires all recognised financial assets that are within the scope of HKAS 39 Financial Instruments: Recognition and Measurement to be measured at either amortised cost or fair value. Specifically, debt investments that (i) are held within a business model whose objective is to collect the contractual cash flows and (ii) have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost. All other debt investments and equity investments are measured at fair value. The application of HKFRS 9 might affect the classification and measurement of the Group's financial assets.

The directors of the Company anticipate that the application of other new and revised standards, amendments or interpretations will have no material impact on the results and the financial position of the Group.

# NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

for the six months ended 30 September 2010

## 3. Segmental Information

HKFRS 8 requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker, the Company's executive directors, in order to allocate resources to the segments and to assess their performance.

Whilst the executive directors regularly review revenue by geographical location of customers, information about profit or loss by geographical location of customers is not provided to the executive directors for their review. Financial information reported to the executive directors for the purposes of resource allocation and performance assessment focuses on the consolidated gross profit and analysis of the business of manufacturing and trading of eyewear products of the Group as a whole.

As a result, there is only one operating segment for the Group under HKFRS 8, which is manufacturing and trading of eyewear products. Financial information regarding this segment can be made reference to the condensed consolidated statement of comprehensive income.

Further, in the opinion of the directors, that portion of the Group's profit is not subject to taxation in any other jurisdictions in which the Group operates for both periods.
